

Dementia Workshop

Overview and Stages of Dementia

Dementia is more common than ever and it's important for care givers to understand how it affects the resident over time. During this 3-hour workshop Sr. M. Peter Lillian will give an overview of dementia and the different stages.

August 23, 2019
9:00 AM – 12:00 PM
St. Mary's Seminary
Nold Auditorium
9845 Memorial Dr.
Houston, TX 77024

**For more information and to attend please contact Denice Foose, BCC, MBA
at (713) 747-8445 (work) or email dfoose@archgh.org**

Schedule and Topics

9:00 - 10:30 AM

An Overview of Dementia

This session will present the facts about dementia and other related conditions such as Mild Cognitive Impairment, Pseudodementia, and Delirium, to help caregivers distinguish and recognize what those they care for may be suffering. Different types of dementia are also distinguished, to help caregivers recognize symptoms and provide care appropriately.

10:45 AM - 12:00 PM

Stages of Dementia

While maintaining that each individual progresses differently, this session gives an overview of the four stages of dementia. It aims to help caregivers understand how best to respond to those in different stages, and how to help maintain independence carrying out activities of daily living for as long as possible. It is taught that at all stages, the inherent dignity of each person should be honored.

Presented by the Avila Institute of Gerontology

People in all stages of life deserve to be cared for in their entirety — Spirit, Soul and Body. With this philosophy, our expert staff bring years of academic expertise and compassionate hands-on care to the table to your facility. As the educational arm for the Carmelite Sisters for the Aged and Infirm, the educational services thoroughly reflect the Congregation's commitment to quality and compassionate care in an atmosphere of respect for each human life. The Institute strives to present the most recent information to enhance the field of gerontology.
