TOOLS FOR MEDICAL DECISION-MAKING

Sunday, October 6, 2019

2:30-4:00 PM

Baylor St. Luke's Medical Center
(Location: TBD)

Deacon David Garvis, PhD, BCC is a medical ethicist at Baylor St. Luke's Medical Center. He will be discussing end-of-life issues and the Catholic Church's teachings regarding those issues.

This continuing education session is for Catholic Chaplain Corps Pastoral Visitors; however, you are invited to bring a guest—preferably your spouse, adult child, or significant other. This would be a great place to begin a conversation about the medical issues most families will encounter.

Please RSVP to dfoose@archgh.org

Deadline: September 20, 2019
