

Worship Audio Engineer

Sacred Heart Catholic Church- Conroe

704 Old Montgomery Rd., Conroe, TX 77301

Summary:

Sacred Heart Catholic Church, a vibrant and growing faith community in Conroe, TX, is seeking an Audio Engineer to enhance the overall worship experience both in-person and online and to lead a team of volunteers who are passionate about music and worship. The ideal candidate will have experience in audio engineering, video, and livestream coordinating. The primary objective is to produce an inspiring atmosphere for worship that is both distraction-free and reverent through sound reinforcement. This includes, but is not limited to, creating the best possible audio mix of the music ministers and those proclaiming God's Word. Ultimately, they glorify God through providing excellent audio services.

Common Duties Performed

- Set up all audio equipment and connection for musicians
- Perform proper sound check; includes gain settings, monitor mixes, proper volume settings, and the eq/mixing process.
- Responsible for adjusting sound levels during service as needed.
- Responsible for following music director's and musician's direction during services.
- Responsible for following schedule cues.
- Responsible for providing a distraction-free service as it relates to audio production.
- Managing audio on live stream
- Clear and return all audio equipment to storage location
- Consult with music ministers to find out if issues existed for them during service.
- Note any broken/faulty equipment and take it out of service if possible.
- Implementation of new audio/video/lighting hardware

Education/Experience:

Audio Engineering Degree is preferred or High School Diploma with five years of audiovisual, lighting, and sound system experience. Prior experience working in a Catholic parish or knowledge of the Catholic liturgy is strongly preferred. Spanish language a plus.

Submit cover letter and resume with Subject Line "Audio Engineer" to cnolin@shconroe.org.
